for international customers

Gold Account – helping you to simplify international banking

Our Gold Account is an international current account, available in Sterling, Euro or US dollar currencies. It is accompanied by a Visa debit card available in all three currencies for easy access to your money.

Our Gold Account allows you to access your money as you move around the world.

If you live abroad you may well have a bank account in your home country to manage your financial commitments there, and a bank account in the country where you live to look after your day-to-day expenses.

Banking with Santander International provides a convenient link between these different banking relationships, with a central home for your money and easy international access to your finances.

When you open a Gold Account with Santander International you can keep your finances in one place wherever you live, and get easy access to your money with our Sterling, Euro and US dollar accounts.

There is no minimum balance requirement for a Gold Account, however international customers must maintain an overall total relationship balance of £75,000 (or currency equivalent) with us.
