Interest rate	No interest is charged as your outstanding card balance must always be paid off in full each month.		
Monthly spending limit	<p>The maximum monthly spending limit will be subject to status. That means we'll confirm this in writing after we carry out our credit checks and assess your application. The limit will apply from the date your card is issued until the next monthly payment due date, and the limit will thereafter always reset on the monthly due date (which will always be the 8th calendar day of the month).</p> <p>If you require more than one card, we will ask you to tell us how you wish your total monthly spending limit to be split between your main and supplemental or associate card(s). If you have a joint account and you both want a Charge Card, and you are meeting the product eligibility criteria by jointly held deposit balances, we will ask you to tell us how you wish your total joint monthly credit limit to be split across your cards.</p> <p>For associate Charge Cards, we will set the monthly spending limit as agreed with the main cardholder.</p>		
How much you have to pay each month, and when	Each month you will be provided with a Charge Card statement via the Charge Card app or web portal, detailing your transactions for the prior month and the outstanding card balance due to be paid on the due date indicated (which will always be the 8th calendar day of the following month). You must pay the full outstanding card balance each month and we will automatically debit the monthly payment from your Gold Account on the due date on your behalf. Key features of the credit agreement	
The total amount of credit	<p>How much can you borrow?</p> <p>Your monthly spending limit is the total amount you can borrow and spend on your Charge Card in any one calendar month. We will tell you your monthly limit when we confirm whether your application has been successful. If we change your limit we will tell you before we do this.</p> <p>We will set your monthly spending limit according to your circumstances, your account history, information we receive from credit reference agencies, and any other information we think is relevant to assess your ability to repay the full amount on a monthly basis. For example, we will take into account your financial circumstances, and any information we get from credit reference agencies.</p> <p>If your monthly spending limit is based on, in part, jointly held deposit balances, we will ask you to tell us how you wish to split the total monthly spending limit between your card(s) and the joint account holder's card(s).</p>
Will we carry out a credit search on you?	<p>If you apply for a Charge Card with us, we will carry out a search of your credit file with a credit reference agency before we decide to lend money to you for the monthly card spending period. This search, including details about the application, will be recorded on your credit file. For a short period, this may affect your ability to get credit elsewhere. We will look at your results and decide if it's suitable to offer credit and provide you with a card where requested. If it's not, we will decline your application and let you know. If we give you a card, we may also share information with credit reference agencies about how you manage your account and monthly repayments.</p>
The duration of the credit agreement	<p>When does the agreement begin and end?</p> <p>The agreement will start when your card is issued. It doesn't have a fixed end date. You will be able to use your card within the monthly spending limit as soon as you receive it.</p>
The rates of interest which apply to the credit agreement	<p>How much does it cost you to borrow?</p> <p>No interest is charged on the amount you borrow within the calendar month period as your total monthly balance must always be paid off in full each month.</p>

Key features of the credit agreement (continued)

Repayments	<p>How much of the monthly balance do you have to pay?</p> <p>You must repay the full amount due each month. The amount due will be the total of your monthly card transactions in the prior calendar month, which you can view on your monthly statement. You must ensure your Gold Account is funded with a sufficient balance by the due date as we will automatically debit the monthly payment from your Gold Account on this date.</p> <p>If you are having difficulty funding your Gold Account for the next monthly payment due, or if you think you may struggle making payments in the future, please contact us.</p>
Consequences of missing monthly payments	<p>What will happen if you miss a payment?</p> <p>You will be deemed to have missed your monthly payment if you have not sufficiently funded your Gold Account for the due date when we debit the account to make the payment on your behalf. This will result in your Gold Account going into an overdrawn balance on an unauthorised basis. We will:</p> <ul style="list-style-type: none"> ◦ immediately stop or suspend the use of your Charge Card(s) until such time as at least the overdraft is cleared ◦ attempt to contact you by telephone to check the status of the payment to clear the unauthorised overdraft position ◦ write to you to inform you of the overdrawn balance as at the monthly payment settlement date and request you to repay at least the outstanding monthly payment to your Gold Account <p>If your Gold Account becomes overdrawn on three occasions, either subsequently or over the period of a calendar year, as a result of the monthly card payment, we may terminate your Charge Card(s).</p> <p>We can also:</p> <ul style="list-style-type: none"> ◦ Use money you have in any other accounts held with us to pay off your overdrawn balance ◦ Take legal action to recover what you owe us. This could include asking a court to order that, if a property you own and is mortgaged with us, is sold for any reason, some of the money you get from the sale is used to repay what you owe us. We would require you to pay our reasonable costs and expenses for taking action. This includes legal costs ◦ Give information about you and how you have managed your account to licensed credit reference agencies. This will affect your credit rating and may make it more difficult for you to borrow in the future
Costs in the case of late payments	<p>What will we charge you for the overdraft caused by the missed payment?</p> <p>Debit interest on unauthorised overdrafts will be charged at the rate specified in our General Terms and Conditions, currently at a rate of 10% over the applicable currency Base Rate.</p>
What changes can we make during the credit agreement	<p>What changes can we make because of our risk of lending to you?</p> <p>We can make certain changes based on our risk of lending to you as an individual. For example, our risk of lending to you could be affected by:</p> <ul style="list-style-type: none"> ◦ Your credit risk (including information we get from external credit reference agencies) ◦ The way you use your Charge Card(s) and Gold Account ◦ Whether you break the terms of the Credit agreement <p>If we are concerned about the level of risk, we can change fees and charges or we can cancel your Charge Card(s) and require immediate repayment of your total outstanding card balances.</p>
