Effective from 15 September 2023

These accounts are subject to availability and may be withdrawn from sale at any time.

The table below sets out specific conditions for your account. These conditions apply as well as our General Terms and Conditions. Where there are differences, it's these specific Terms and Conditions that apply.

Summary Box			
What is the name of the account?	Island Regular Savings Tracker Account		
What currency is the account available in?	Sterling only		
What is the interest rate?	A variable interest rate tracking at 1.00% above the Bank of England Base Rate (currently 5.25%), paid for 12 months from the date of your first monthly deposit. Currently, the interest rate is 6.25% gross/AER. We'll work out the interest we pay on your account each day, which will be paid at the end of the 12 month term.		
Can Santander International change the interest rate?	The rate of interest payable on the Island Regular Savings Tracker Accounts is a variable rate of interest which tracks the Bank of England Base Rate. We will not change the tracking rate above the Bank of England Base Rate during the term of the Account. If the Base Rate changes, then the interest rate payable on the account will update the next working day after the Bank of England's announcement.		
What would the estimated balance be after 12 months based on 12 monthly deposits of £250 totalling £3,000?	Amount deposited during the 12 month term	Interest earned	Balance after 12 months
	£3,000	£101.97	£3,101.97
	To work out the estimated balance, we've assumed that: The account is opened and an initial deposit is made on the 1st of the month You pay in a further £250 on the 1st of each month afterwards until the 12th month anniversary You make no withdrawals in the 12 month period The rate of interest is 6.25% gross/AER (Bank of England Base Rate of 5.25% plus 1.00%) There is no change to the Bank of England Base Rate in the 12 month period This illustration is only an example and doesn't take into account your individual circumstances.		

AER stands for Annual Equivalent Rate and shows what the interest rate would be if we paid interest and added it to your account each year. The gross rate is the rate payable where interest is paid without the deduction of tax.
