

Mortgage Rates

Effective from 27 March 2026

Whether you're buying your first home or moving home, looking to borrow more, move your mortgage to us or looking to invest in a buy to let property, we offer a comprehensive range of mortgages.

All applications are subject to status and lending criteria. This means that the amount we will lend you will depend on individual circumstances, the type of property and the amount you borrow.

All offers are subject to availability and can be withdrawn at any time. Completion deadlines may apply.

The information in this document does not contain all of the details you need to consider when choosing a mortgage. Please call us on 08000 84 28 88, if calling from a UK landline or mobile or +44 (0)1624 641 888 if calling from overseas, to speak with one of our Mortgage Specialists.

YOUR HOME MAY BE AT RISK IF YOU DO NOT KEEP UP REPAYMENTS ON YOUR MORTGAGE.

Our ranges are designed with you in mind

Fixed rate mortgages

The interest rate on a fixed rate mortgage is fixed for a set period of time. So even if the Bank of England base rate changes during the fixed rate period, your payment amount remains the same. After the fixed rate period finishes (see table below for details), your interest rate will change to Santander International's Follow-on Rate which is a variable rate that tracks at 3.25% above the Bank of England base rate (currently 3.75%), giving a current rate payable of 7.00%. An Early Repayment Charge (ERC) may apply if the mortgage is repaid during the fixed rate period. Please see the final page of this document for more details on the ERC.

Initial interest rate period

Product	Initial rate period finishes
2 Year Fixed (including fee free)	2 years after completion
5 Year Fixed (including fee free)	5 years after completion
10 Year Fixed (including fee free)	10 years after completion

Tracker rate mortgages

The interest rate tracks the Bank of England base rate for the lifetime of the mortgage so your payments will increase or decrease in line with any changes. You can choose to switch to another product at any time if you wish.

Fee and rate options

Whether you're buying your first home, moving house, looking to borrow more or remortgage to us, we appreciate that it can be an expensive time. We offer the following fee and rate options so that you can choose which option will suit you best:

Standard Fees:

- A product fee is payable. You can choose to pay this at the time you're taking out your mortgage, or alternatively you can choose to add the product fee to the mortgage. If you decide to do this you'll pay interest on this amount over the term of your mortgage.
- A valuation fee is payable so that the property's value can be independently assessed. This fee is payable when the survey is requested.

Fee Free:

- No separate product fee is payable, however the interest rate payable will normally be a little bit higher as a result.
- One free standard valuation (on a property valued up to £1.6 million) is also included in the Fee Free option. If you need to have more than one property valuation then a valuation fee will become payable on the second and any subsequent valuation requests.
- All other charges outlined in our tariff may apply.

Representative example

A mortgage of £387,000 payable over 25 years would require 60 monthly payments of £2,226.43 and 240 monthly payments of £2,650.93. This is based on an initial fixed rate for 5 years at 60% loan to value (LTV) at 4.84% and then Santander International's Follow-on Rate of 7.00% variable (Bank of England base rate, currently 3.75%, plus 3.25%) for the remaining 20 years.

The total amount payable would be £770,808.83 (mortgage including a £999 product fee, plus £382,809.83 interest and a £225 account fee). The overall cost for comparison is 6.3% APRC representative.

This example is an illustration of a typical mortgage and its total cost.

- Alternatively, you could choose a new deal from our competitive range. You won't have an early repayment charge if you have less than six months left on your existing deal at the time you apply for a new mortgage for at least the same amount. In the future, we may withdraw this offer. If you have more than six months left on your existing deal at the time you apply for a new mortgage, you'll need to pay an early repayment charge if one applies to your mortgage.
